## Director's Notes

What made this production extra exciting for me was teaching the kids to tap dance! With each production I've always tried something new or focused on a particular skill. One year it was singing Latin in 6 part harmony (*Sound of Music*), another production was working with special effects (*Wizard of Oz*), last year we sang opera and learned how to stage fight (*Broadway Bound*). So this year it was turning everyone into tap dancing fools while learning a comedic acting style from the 1930's era. Dialogue is snappy and the "slip on a banana peel" humor is still funny today! Cole Porter is a wonderful source for music and lyrics and exposing the kids to the treasures of yesterday's composers will hopefully open them to explore all kinds of music from the past. As a reluctant member of the "older generation," I confess I find today's popular music woefully lacking but I try to stay "hip" and relevant. Feel free to make suggestions as to what next year's production should be!

Once again I've had fantastic assistance from Rachel McGinnis, Beth Young, Jean Clifton, Adam Witco, Roman Hargrave, Mary Owens and so many others behind the scenes. A big thank you to all of you!!!

And I want to thank all of you for your support over the years by trusting me with your kids for three weeks out of the year. I love them all as if they were my own. In a way, they **are** mine! I see them in other productions and I can always see a special and sparkling difference that I take a deep pride in having developed. Some of "our" kids are now starting to make names for themselves across the country in college and professional productions. To the alumni performers who come back to repeat their camp experience with me I say "Thank you!" for wanting to do it again! I hope to never let you down and that your memories of camp will be full of lessons taught, friends made and a joy that stays with you for the rest of your lives!

**So join me in wishing this 2011 cast "Break A Leg!!!"**

**Enjoy the show!**
