# the people who

made it happen

Ann Catherine Pittman --Beverly

Ann Pittman was most recently seen on central Texas stages in *She Loves Me*, *Stop the World I Want to Get Off*, and *Evita*. Ann is a writer and lives just up the road with her dog and two cats.

\* J. Ben Wolfe --David

Ben has been a part of the Austin theatre scene for many years and is currently involved in multiple film projects. He last worked with Manuel on *The Love Sonatas* where, much to his delight he met his fiancée.

\* Douglas Taylor--Bill

This is Doug's third turn working with Manuel Z (*Very Happily*) and the second as one of his characters. A long-time Austin actor (now a reluctant Houstonian), Doug is so pleased to share the stage with Ann and Ben and to be managed by Andrew. Have a great "Fest".
