DIRECTOR'S NOTE

Iconic. Tragic. Supernatural. A fiend-like Queen and a Tyrant. These are all phrases many of us associate with what is considered to be one of Shakespeare's great plays, *Macbeth*. However, we wanted to see beyond these common statements and truly investigate these characters more deeply. We discovered there are bits of these traits in all of us and many people can relate to them. A great warrior who believes in his prophecy but wrestles with his own conscience. A woman who undeniably loves her husband and seeks to lead him to his destiny but is often portrayed as a devilish fiend. A young man on a journey to fulfill his father's legacy and save his beloved country when tragic betrayal sparks justified revenge. We may feel *Macbeth's* conflict and confusion ourselves. Yet, it is up to us, within our own lives, to decide to follow a darker path or a path of love and light. Please join us as we unravel the struggles and strife of *Macbeth*.
